

DIAMOND JUBILEE

OF MARIETTA COLLEGE IS ON
THIS WEEK AT MARIETTA, O.
REUNIONS WILL BE A FEATURE
OF THE CELEBRATION.

(Herald Special.)

Marietta, O., June 13.—This is a regular home-coming week for this old city, which has donned festive attire in honor of two important events in its history, the celebration of which has attracted several thousand former residents to the famous old town which marks the site of the first settlement in Ohio and the Northwest Territory. Marietta is 122 years old this month and the present week marks the seventy-fifth anniversary of the establishment of Marietta College as a properly chartered college. The celebration, which began yesterday with preaching in the churches of the city by alumni of the college and the annual baccalaureate service, will continue all through the week and will contain many interesting and enjoyable features. Today is devoted to reunions of the Greek letter societies, which will be continued tomorrow. Many of the distinguished alumni of the college have come back to their alma mater for this celebration and will address the students and alumni at the various meetings to be held during the week. Wednesday will be the principal day, when some of the most eminent visitors will deliver addresses. President Alfred T. Perry will give a review of the history of the college and Rev. Frank W. Gunsaulus of Chicago will speak on "The Heroism of Scholarship." At the alumni banquet on Thursday night C. G. Dawes of Chicago will be toastmaster and there will be speeches from many noted guests.

Among the speakers will be Prof. Edwin A. Grosvenor of Amherst College; the National President of the Phi Beta Kappa; Rev. William W. Jordan, Clinton, Mass.; Col. Douglas Putnam of Ashland, Ky.; Prof. Henry E. Bourne of Western Reserve University; Albert Shaw, and many others. Governor Harmon and other prominent officials are also expected to attend the celebration.

It was in 1797 that a meeting of the citizens of Marietta was held, pre-

sided over by General Rufus Putnam, of revolutionary fame, to consider the plan of establishing an institution of learning. The Muskingum Academy, established in a plain and modest log house, was the outcome of the meeting. David Putnam, a graduate of Yale, was the first principal. This school was steadily improved as an institution for higher education until it took on the character of a college and in 1833, at another meeting of Marietta's citizens, it was decided to establish the school upon a permanent basis. Two years later, in the month of June, the institution was chartered under the name of Marietta College. Although the college was never subsidized by the state, but was maintained altogether by voluntary subscription, it has maintained a high educational standard and has become famous throughout the country. An effort will be made by the trustees to raise \$300,000 to place the institution upon a better financial basis.

A New Back For an Old One—How It
Can Be Done In Palestine.

The back aches at times with a dull, indescribable feeling making you weary and restless; piercing pains shoot across the region of the kidneys, and again the loins are so lame to stoop is agony. No use to rub or apply a plaster to the back in this condition. You cannot reach the cause. Exchange the bad back for a new and stronger one. Palestine residents would do well to profit by the following example:

W. R. Kirkland, Jacksonville, Texas, says: "I was bothered by a dull pain in the small of my back, directly over my kidneys. At times when I attempted to stoop or lift a sudden stitch seized me and I was hardly able to straighten. When suffering from these attacks the kidney secretions

here today is the first aviation exhibition under the Wright license. The Wright brothers, who are protected by the restraining injunction of the courts against any alleged infringement by others upon the principles of their invention, having waived their claims for this week's meet upon the guarantee of the management that their share of the receipts would be at least \$50,000. On the other hand, the Wrights guaranteed to make flights daily with one or more of their machines.

For weeks the Wright brothers have been busy at their training quarters to train aviators in the use of their machines and it is expected that some records will be broken in the course of the meet, provided the weather conditions are at all favorable. The program includes more than thirty events for special prizes and in some of the events lively competition is expected. Among the machines which will take part in the various contests is a Bleriot, which will be piloted by Mr. C. G. Fisher, the president of the Speedway company. The principal events have been reserved for Saturday, when there will
